Technical Parameter

Laundry voltage	220V 60Hz	Laundry voltage	110V 60Hz
Product model	OCF622	Product model	OCF611
Laundry capacity	6.5kg	Laundry capacity	6.5kg
IMPA number	174707	IMPA number	174706
Product brand	locean	Use type	Automatic
Product power	350W	Motor type	Aluminum motor
Drainage method	Underwater drainage	Inner barrel material	Stainless steel
Control method	Computer Control	Product color	White
Product Weight	28kg	Product gross weight	30kg
Product Size	505*510*890mm	Package Size	570*580*915mm
Product Certificate	CCC	Energy efficiency rating	Level 3

Marine electrical appliances

7.5kg Top door washing machine

Technical Parameter

Laundry voltage	220V 60Hz	Laundry voltage	110V 60Hz
Product model	OCF722	Product model	OCF711
Laundry capacity	7.5kg	Laundry capacity	7.5kg
IMPA number	174707A	IMPA number	174706A
Product brand	locean	Use type	Automatic
Product power	400W	Motor type	Aluminum motor
Drainage method	Underwater drainage	Inner barrel material	Stainless steel
Control method	Computer Control	Product color	White
Product Weight	32kg	Product gross weight	34kg
Product Size	545*550*960mm	Package Size	580*610*990mm
Product Certificate	CCC	Energy efficiency rating	Level 3

Marine electrical appliances

8kg/8.5kg Top door washing machine

Front

Detail

Technical Parameter

Product model	IOC110-80S	Product brand	IOCEAN
Laundry voltage	110V 60Hz	Laundry capacity	8kg
Product Weight	68kg	Product gross weight	72kg
Product Size	600*600*850mm	Package Size	660*650*890mm

Marine electrical appliances

7kg Midea 220V Drum washing machine

Front

Side

Technical Parameter

Product brand	Midea	Laundry voltage	220V 60Hz
Product color	White	Laundry capacity	7kg
Use type	Automatic	Energy efficiency rating	Level 1
Product power	1850W	Motor type	Inverter motor
Drainage method	Underwater drainage	Inner barrel material	Stainless steel
Product Weight	60kg	Product gross weight	66kg
Product Size	595*490*850mm	Package Size	700*635*975mm

Marine electrical appliances 8kg DIQUA 220V Drum washing machine

Technical Parameter

Product brand	SANYO (New)	Laundry voltage	220V 60Hz
Product color	Silver Grey	Laundry capacity	8kg
Use type	Automatic	Energy efficiency rating	Level 1
Product power	2000W	Motor type	Inverter motor
Drainage method	Underwater drainage	Inner barrel material	Stainless steel
Product Weight	66kg	Product gross weight	71kg
Product Size	600*580*850mm	Package Size	682*602*920mm

Marine electrical appliances 8kg SANYO 220V Drum washing machine

Front

Detail

Technical Parameter

Product voltage	220V 60Hz	Product voltage	110V 60Hz
Product model	GYJ60-68	Product model	GYJ60-68
Drying capacity	6kg	Drying capacity	6kg
IMPA number	174712	IMPA number	174711
Product brand	locean	Use type	Automatic
Product power	1500W	Motor type	Fixed-frequency
Drainage method	No	Inner barrel material	Stainless steel
Control method	Timer	Product color	White
Product Weight	23kg	Product gross weight	25kg
Product Size	600*545*700mm	Package Size	655*605*760mm
Product Certificate	CB,CE	Energy efficiency rating	Level 3
